

WHAT ARE YOU PLANTING AND HARVESTING WITHIN YOURSELF

SISTER ZAYLIA

H.O SOL. MICHAEL (JAX)

All Praises to the Most High for having this opportunity and honor as a Daughter of Sarah to share what fruits of the spirit I am striving to plant and Lords Will it all harvest this year.

All Praises to the Most High for my modern-day foremothers on this earth they are setting the righteous example for me to follow thus saith the Lord. What

Am I Planting and

Harvesting?

New Year New

Me with New

Fruits. My

name is Sister

Zaylia from

the H.O Sol

Michael (Jax).

After living

overseas for

over 10 years,

we often

travel to the

states for the

High Holy Days. Last year, we traveled to celebrate the Passover, and did not expect to be stuck in Babylon for over a year now. I now see the Most High had other plans for my lord's household man's going are indeed of the Lord. Life is definitely different living in Babylon than overseas seemed from the time we landed

on this soil the trials begun but we are enduring through the fire knowing this is how the Lord proves us. Will we continue to fight the good fight by standing on the word of God and having righteous brothers and sisters around us. We learn through experiences and one thing my lord has always said coming in the truth was the ultimate goal for his

household is we will stand on the word of God regardless of the trials and tribulations. Being here in the states and being a part of a

"Let Us keep a Fresh Basket of Fruits and Allow No Bad Fruits in Your Garden"

"Don't Allow Bad Fruit of the Flesh to Corrupt Your Spirit"

"Don't Allow Your Emotions To Dictate Your Actions"

congregation has been a huge blessing. I am now able to celebrate the Feast days with family, learn more talents, and build upon the sisterhood. The seeds I have been planting, I can see now they are taking root and I am able to exhibit the fruits of the spirit. It feels like I am new in the truth since I've been here in

The Fruits Of The Spirit Will Get Us To The Kingdom & The Lust Of The Flesh Will Get Us Death! What will You Allow To Grow In Your Garden?

WHAT ARE YOU PLANTING AND HARVESTING WITHIN

Babylon to be around family more, I am able to learn more.

I am Planting and Harvesting the fruits of the spirit continually to see growth.

Many have a physical garden where you plant seeds and wait for the harvest. Let us think of it spiritually. We have a spiritual garden in our mind. In our garden we need to plant seeds of good fruits and look forward to the harvest by putting in the required work in order for them to grow and take root in us.

The same steps we take to care for our physical garden, let us have that same mindset to take care of our spiritual garden.

Plan your garden layout? What fruits you want to plant and harvest.

How do you cultivate your garden? By studying the Word.
How do you water it? By understanding the Word.
How do you nourish it? By applying The Word.

It's a New Year and I started planting some New Fruits through self-examination. Lords Will the fruits of the spirit grows to harvest throughout the year. I started looking in the mirror at myself more and focus less on what

others are doing around me. I planted love, long-suffering, humbleness, peace, joy, meekness, transparency, gentleness, and eloquent speech. I have got some work to put in to make them grow. I have each fruit on an index card with a scripture on my wall where I work and in my bible. I am striving to take one fruit a week and examine myself with a class. I am striving and determined to have the fruits manifest through the application of the word. Study Pray and Apply. When I started examining myself and seeing what else I actually like to do that will be beneficial to my lord's household and the nation, I became less focused on the things I have no control over and cannot change. I am learning how to put the fruits of the spirit into action by learning from the examples of our foremothers throughout the scriptures. Our foremother Judith exhibited meekness and peace, Esther gentleness and joy, Susanna long-suffering and faith

My mindset is leaving the bad fruits the lust of the flesh behind me before Passover. I know bad fruit will try to find its way back into my garden, but I am striving to be a more consistent and diligent and not complacent in my reading studies and prayer Lords this will allow me not to feed the

bad fruit of the flesh My mindset is the same way I have bad fruit physically in my kitchen, I threw it away. The same spiritually I must get rid of the bad fruit of my flesh. As women we play a very vital role in this truth physically and spiritually and within those roles, we still must maintain integrity of the fruits of the spirit. We must know our trigger points and work on them with actions by seeking counsel and applying the scriptures. If we are to exhibit the fruits of the spirit, we can't allow situations to get the best of us and pull us out of the spirit-

Let us have the mindset this is a New Year to work on good fruits. Allow No one to offer or bring you bad fruit. Sisters let us be reminded of the Spirit and Flesh are always battling for the lead spot in our lives so who will we follow?

We know when our garden is dry and needs water. We are commanded to examine ourselves, when we have a good garden, we are being a good example with works, charity and love for our nation and for self. Let us continue to plant and harvest in the fruits of the spirit.
