 - **Risk assessment in business:**
 - 1) Identify the hazards. Spiritually could be gossip, talebearing, lack of submission, not shamefaced, not modest.
 - 2) Decide who might be harmed and how based on the hazard. A marriage, and friendships, could be harmed by the hazard.
 - 3) Evaluate the risk and decide on the precautions. Lust, evil, surmising, or what law is being broken?
 - 4) You need to record your findings and implement them. Correction needs to come out, apply.
 - 5) Prevent harm from happening and identify possible hazards that hurt the organization and our organization is the entire nation as a whole.
