

The Building of a Great Shoe Collection

Layla Israel

Shalom everyone MHNCB! Shoes can make or break your outfit. A great shoe collection consists of a variety of shoes. Sandals, sneakers, flats and slides are all great components to a shoe collection.

Sandals & Slides

Sandals and slides are essential for summer weather. I suggest brown sandals, they are great for pastel clothing, Birkenstocks are accessible shoes that slip right on. Slides are shoes that simply slide on your feet. There are several different styles of slides, they can come with rhinestones or fur and there are even high-end slides. You can find these types of shoes in places like Shoe Show, Forever21, Macys, Marshalls, etc.

Boots

As we approach the colder weather, boots become a necessity. There are leather boots, suede boots, knee high boots, ankle boots, etc. Boots are very comforting for the colder seasons because they keep your feet warm and cozy while being cute. Boots are available at places such as Nine West, Shoe Carnival, Macys, Nordstrom, etc.

Sneakers

Wearing sneakers in skirts is a hotly debated topic that often divides opinion, but sneakers are vital to any shoe collection. They can be worn all year long and accessible. I recommend Converse, Nike, and Vans. Those brands are good for skirts because their products tend to look more feminine. Sneakers are comfortable and durable; I feel that midi skirts and dresses are more suited for bulkier sneakers.

Shoes can be a staple piece to your outfit, they don't always have to match. You can pair your accessories with sneakers. Don't be afraid to branch out and try shoes out of your comfort zone. You can have shoes of different patterns, styles, and colors to complement your wardrobe. It's okay if you don't have a vast shoe collection or wardrobe it doesn't define you.

John 6:27 "Labour not for the meat which perisheth, but for that meat which endureth unto everlasting life, which the Son of man shall give you: for him hath God the Father sealed." You can have fun with shoes but remember there is no need to focus on materialistic items that will pass. I hope this will help you on your path to a splendid shoe collection.
